

Dimensions:	1400 × 220 × 44 mm
Main Panel:	#5052 Aluminum Alloy (Thicker 4mm)
Surface Finish:	All Black Painted Finish
Niche Design:	Single Built-in Lower Storage Niche
Diverter Valve:	Brass H/C Rotating Valve + 3-Way Diverter

MAIN COMPONENTS & CONFIGURATION

1 × #5052 Thicker 4mm Aluminum Panel (All Black)

1 × Embedded Plastic Head Rain Shower

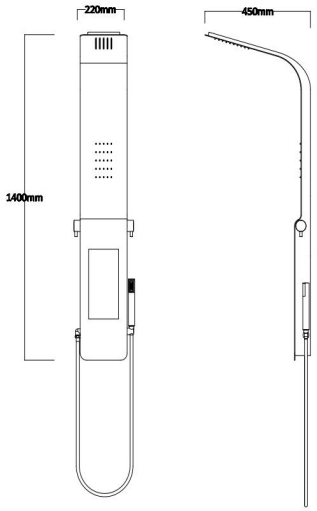

1 × Embedded Plastic Body Massage Jet

1 × Plastic Hand Shower + S/S Hose

1 × Brass Shower Holder Assembly

1 × Brass Hot/Cold Rotating Valve with 3-Way Diverter

TECHNICAL DRAWINGS

FUNCTION DESCRIPTION

Water Diversion: Brass 3-way diverter valve switching between the embedded overhead rain shower, integrated massage body jet, and ABS hand shower

Storage Niche: Built-in single lower recess cavity (shower niche) providing convenient storage for toiletries.

Water Supply: Smooth hot and cold mixing control via heavy-duty brass rotating valve.

INSTALLATION & CONNECTIONS

Mounting Type: Surface wall-mounted via robust rear hanging brackets supporting the thick #5052 aluminum alloy panel.

Inlet Connections: Hidden rear flexible G 1/2' stainless steel braided supply hoses
